

## SUPPLEMENTAL DECLARATION

Lee A. Chase, Robert E. Shea, and Douglas L. Neeb whose application for Letters Patent for a Vehicle Wheel Construction Process, Serial No. 09/855,203 was filed in the United States Patent and Trademark Office on May 14, 2001, that was a continuation of U.S. Patent No. 6,346,159 B1 issued on February 12, 2002, declare that they verily believe they are the original and joint inventors of the invention described and claimed therein; that they have examined the allowed claims in said application and that the subject matter of those claims is a part of their invention, and was invented before they filed their original application above identified for such invention; that they do not know and do not believe that the same was ever known or used in the United States of America before their invention thereof, or patented or described in any printed publication in any country before their invention thereof, for more than one year before their application, or in public use or on sale in the United States of America more than one year before the date of their application; that said invention has not been patented or made the subject matter of an inventor's certificate in any foreign country before the date of their application on an application filed by them or their legal representatives or assigns more than twelve months prior to their application in the United States of America, and has not been abandoned.

The undersigned petitioners declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
